 Meet Your Teacher!

## Week 1- Animal Needs

## Week 2- Animal Body Part Adaptations ►

This first week will focus on introducing the **five needs** all animals have to survive. We will learn specific vocabulary and begin to chart it in Microsoft Word.

### To-Do List:

1. Read: "Animal Needs"
2. Complete: "Animal Needs" Questions and Submit
3. Work on Vocabulary-Chart (due Week 4)
4. Complete [Forum #1](#)
5. Attend [Zoom Meeting](#)

 [Vocabulary Chart](#) 140.6KB Word document

This vocabulary chart will be completed weekly.

Use your weekly readings to look up each definition; then put each definition in your own words. In the "Example" section, put a word or words in the "..." that makes sense. Insert an image that demonstrates the vocabulary word in a scientific context.

The entire chart will be due by WEEK 4

 [Reading- "Animal Needs" Week 1 \(Absorb Activity\)](#) 1.6MB Word document

 [Animal Needs Questions](#)

 ["Animal Needs" Questions Submission](#)

 [Forum #1](#)

What are an animals five basic needs? Which of the five do you feel is most important? Prove with evidence. Respond to two other classmates with three sentences or more.

 [Zoom Meeting](#)

We will be meeting from 1:00 pm to 1:30 every Monday
